

CONRAD'S CONDITION SLIGHTLY BETTER

SEWAGE BEDS, BUILDING CODE ARE DISCUSSED

10 Beds At Disposal Plant Must Be Rebuilt, City Council Is Told.

EXPERIMENT BEDS ARE SATISFACTORY

Action Promised When New Council Meets After First Of Year.

New sewage disposal beds, a building code of regulations, and extension of the city limits are three of the most important matters that will come before the new city council the first of the year.

That much was indicated officially and unofficially by members of the present city council at their meeting Tuesday evening.

The old beds of the disposal plant have never worked satisfactorily from the time they were constructed. It is charged that they caked up some after being put in use and have been a constant source of trouble and basis for damages ever since.

There are at present 10 beds that are of little use. To reconstruct each one of these beds will take something like \$15,000. There are, however, two beds constructed in 1920 as an experiment that have been very satisfactory.

New Beds Are O. K.

Service Director J. B. Bristol explained to council that in the old beds the sand contained too much loam, which caused it to cake up as soon as water struck it. As a consequence the sewage never was flushed completely through the old beds, and instead came up and over the beds, running into the creek, and making property around the plant unfit for use.

In the two new beds coarse sand and gravel were used and these beds have been carrying most of the work.

Council P. J. D. suggested that the city build new beds at the plant instead of paying damages continually to property holders in that section, most of whom have sued the city and collected damages year after year.

At the time of their construction the old beds were condemned by the state board of health. Councilman D. L. Augustine explained that at the time there was a representative of the state health board in Salem and that he O. K'd all the material that went into the beds. Immediately after they were placed in operation, however, the state board condemned them.

Discuss Building Code

It is probable that new sewage disposal beds will have to be constructed soon. Soon after the first of the year the legislation probably will be passed.

Councilman D. U. Smith, in bringing up the subject of a building code of regulations, moved that the ordinance committee be instructed to look into the matter and investigate codes in other cities.

On Councilman Eckstein's second this was ordered.

Council therefore goes on record as being in a receptive turn of mind for a code which Salem has never had. Other cities regulate the kind and location of dwelling houses and stores.

The new sanitary sewer, bonds for which will be sold some time in February, will take care of the large amount of water that backs up on the territory at the rear of the city hall over to Green st. At the present time all that water after a rain remains stagnant for some time.

McADOO IS CHOICE OF BIG MAJORITY IN SOUTH DAKOTA

Democratic Candidate Has Six To One Lead Over Henry Ford.

Sioux Falls, S. D., Nov. 21.—William G. McAdoo held a lead of six to one over Henry Ford in returns from more than half of the 60 counties selecting delegates to the state primary convention at Pierre, December 4, according to statements of party leaders today.

In the Republican convention, the contest between President Coolidge and Senator Hiram Johnson, of California, was passed to the state gathering for settlement, virtually the entire state selecting uninstructed delegates, in the county conventions yesterday.

Many of the Democratic delegates were sent uninstructed, but State Chairman W. W. Howes identified what he termed a large working majority for McAdoo in the selections. "Returns from 19 counties give us a strength of 23,825 out of a total state vote of 55,409," he stated. "Thus we have won to the McAdoo banner very close to half the convention vote, with many counties yet unheard from."

The only opposition to the McAdoo boom in Democratic quarters came from Ford adherents, who claimed a representation equal to one-sixth the total vote.

The McAdoo forces stated the Democrats in the state convention have only the formality of polling the McAdoo votes and building the platform for submission to the candidate. In addition to naming their presidential choice, the party primaries also decided what they consider the leading platform issue.

The Farmer-Labor conventions, divided over Ford and senator La Follette of Wisconsin, named uninstructed delegates.

TRAVELERS CLUB HEARS HOW OHIO AIDS ITS CRIPPLES

Some of the things that Ohio is doing for its army of crippled and disabled people since the passing of the Smith-Hughes act after the war and what is being done along this line in the city of Cleveland were cited in a number of different cases related by Miss Margaret W. Wagner, director of Social Service of the Association for Crippled and Disabled, to members of the Travelers club Tuesday afternoon at the Chamber of Commerce rooms.

This act provides that every disabled man, woman or child over 16 is entitled to vocational training.

Cleveland has the most beautiful boys or crippled children in the United States. Miss Wagner told her auditors. The children are brought to the home in motor busses and re-

main there until 3 o'clock in the afternoon. At noon they are served hot lunches. They are taught to help themselves.

Miss Wagner explained some of the games that the children played by which they learn the spirit of sportsmanship and "with this spirit you never find them begging," she said. "They never are a charge to a community." She emphasized that a crippled child must be treated as a normal child.

In her talk she told of the Home Industry department in which crippled people, unable to leave their homes, are taught to do something that will help them in self-support.

Miss Elizabeth Miller, Lincoln ave. sang two pleasing solos which were appreciated. Mrs. A. C. Yensling was in charge of the Current Events.

OKLAHOMA'S NEW CHIEF WILL SEEK ANTI-KLAN BILL

Walton's Successor Takes Office Without Inaugural Address.

Oklahoma City, Okla., Nov. 21.—Ex-Governor J. C. Walton, once proclaimed the Moses of the Southwest, as he was ushered into office by the world's greatest barbecue, quietly moved out of the gubernatorial suite at the state capitol today.

Just as quietly, Gov. M. E. Trapp, moved in. There was no inaugural address from the new governor. He was expected, however, to send a message to the legislature this week urging the immediate passage of an anti-Klan Klan legislation.

Walton's case was finally closed, so far as the state is concerned, by the signing of the order of removal late yesterday. Walton's attorneys tried to file a bill of exceptions to the order. Their request was denied by the courts.

Today the ex-governor was to go into federal court to seek a retroactive injunction that would prevent execution of the impeachment court's judgment. The same court refused to take jurisdiction in the impeachment matter some time ago.

Chairman W. E. Disney, of the use board of managers, who probably will be a Democratic candidate for governor or United States senator at the next election termed Walton's bitter statement against the Ku Klux Klan and the legislature as preposterous.

The legislature was to grind away today disposing of other officials in the state house whose records it is charged are not good. Impeachment charges will be placed against Charles H. Puth supreme commissioner in the house according to the board of managers. Ruth will be accused of illegal traffic in pardons and paroles.

Guy Shuler representative from Ardmore also was to face charges of pardon and parole traffic. An indictment has already been read against Murray Gibbons former speaker of the house.

Fisher at Albany Tuesday afternoon and after a hearing was bound over to the Mahoning grand jury under bond of \$800.

ATKINSON DEATH PROBE CONTINUES

Mystery In Shooting Case At Washingtonville Is Still Unsolved.

As Washingtonville residents gathered Wednesday afternoon to pay their last tribute to the memory of Joseph Atkinson, shot to death in his home early Monday morning, it became known that the mystery surrounding this case has not been solved and that further developments may be expected.

Coroner J. M. Van Fossan is continuing his investigation. Such a case, he says, is suicide until it can be proved otherwise. The mysterious part of the case, he says, is how the man could have shot himself twice in the abdomen. First reports said that he had been shot only once.

Members of the Atkinson family declared Wednesday that the man had not been drinking.

Reports that the man had shot himself came from outside sources, because members of the family did not discuss the case at first. It was generally accepted as suicide, but later developments are said to be under investigation by the coroner.

KNIFE VICTIM HAS CHANCE TO RECOVER

Youngstown Man Gives Blood To Save Life Of Salem Dry Agent; Two Men Held For Cutting To Kill.

SULLETIN

At 2:30 p. m. the Youngstown City hospital gave out this report:

"Dr. Conrad is not quite so good as this morning although he is improved over his weak condition of 'On examination this morning it last night."

was found that he had sustained an injury to his collar bone, which is thought to be fractured. An X-ray will be taken.

"The hole caused by the butcher knife is full of pus and may cause complications. His lung may also be punctured."

"It is believed that Dr. Conrad will live but he is still very serious, being unable to sleep much as his pulse is erratic."

With the blood of a fellow officer flowing in his veins Dr. S. E. Conrad of Salem, state prohibition officer, who was stabbed as he attempted to arrest two rum suspects following a raid on a club in Youngstown Monday night, Wednesday is reported "much improved" by hospital authorities.

They stated, however, that "his condition is still so serious that his chances for living are hanging in a balance."

State Dry Agent J. W. Carrothers of Youngstown, who at times operates with Conrad in the Mahoning district, submitted to the blood transfusion that will probably save the life of the Salem dry agent.

One of Conrad's deputies, Tom P. Crawford, East Palestine, had been selected to give his blood in a transfusion but on a second examination it was decided to allow Carrothers to submit himself to the interchange of blood.

Conrad, his condition so weak he could not open his eye lids, or talk above a whisper, had his wrists connected with those of Carrothers, and as a result had a fairly restful night being able to breathe regularly and sleep somewhat.

Conrad's statement

Youngstown City hospital Wednesday gave out the following statement regarding his condition. The report was made by the special nurse and physician on the case.

"Dr. Conrad is considerably improved. His chances for recovery are however, hanging in the balance. His pulse is more normal and he is breathing easier. He has a fighting chance for recovery, providing he does not suffer a relapse and providing that the deep gash in his chest does not cause complications."

Youngstown police late Tuesday placed two men in jail under formal charges of cutting with intent to kill. One had been held as a suspect during the day. The men are:

Ironin Sirbu, owner of the meat market at 132 South Watt st., in which Conrad was stabbed.

Vasil Bogdan grocer, 1125 Poland ave.

Deputy T. P. Crawford of East Palestine swore to the warrants for the arrest of the two men.

Identified By Conrad

At the hospital Sirbu was positively identified by Conrad as the man who aided in the assault. He is believed by police to be the man who knifed Conrad.

Bogdan was on the scene of the assault.

Rebuking Hatred

GENERAL SIR IAN HAMILTON of the British army sent a novel message on Armistice day to the American Legion and its companion organization, the British Legion, asking them to give their first efforts in combating the spirit of hatred so much in evidence among nations today. The world would be given better service, he said, if all forces were employed not helping the world learn how to quit hating than by long and bitter contest to determine the measure of war reparations to be paid.

It is novel, at least, for one who has given all his life to soldier service to rise and rebuke the war spirit of the world. Gen. Hamilton was chief of staff for Kitchener in Africa, has been in other campaigns and is a competent soldier, not unmindful of the cheers the world gives to military accomplishments. And yet, with his ripe knowledge and from the abundance of his experience, he says the greatest need of the world today is to get rid of its hate complex.

Speaking directly of Europe, he points out that all nations busily engaged in hating one another, all are victims of the hate complex and suffering from its destructive influences. He painted a dark picture but the facts warranted the sombre coloring he used. And that blackness could be wiped out, all the clouds might disappear, if men would cease hating one another, if countries and peoples would choose the better way. There is no reason why former enemies should continue to hate each other, when the issues involved in war have been determined. That is a statement that countries and individuals might consider fully.

The same sentiments have been expressed by some of the foremost men of the world in recent years. Ministers, public men and some business leaders have urged the world to turn from hate to brotherly relations, turn from destruction to construction. Roger Babson has been one of the foremost men in proclaiming the merits of that gospel, has told thousands there was no solvent save in the principles underlying the Christian religion. The world is full of hatreds, nations, peoples and individuals have fallen victims, have forgotten that progress cannot be made under that black flag. Gen. Hamilton was right in saying the world needs to get rid of its hate complex. It was a message worth while for Armistice day.

Trying To Please Everybody

NOW a North Carolina congressman comes out in favor of a bonus for the soldiers with the proviso that it be paid from the interest and, if necessary, part of the principal of the foreign debt. It is really laughable, the way they all are for the bonus but think the money ought to be raised in such a way that the taxpayers won't realize quite so forcibly as they might that they have to pay it.

To stipulate that the bonus shall be paid from this foreign debt would be merely another flattering pretense. It would cost the taxpayers just as much in that way as in another. England is now making regular payments on her war debt and doubtless all these debts, except perhaps Russia's, will be paid in time. But the specific understanding since these loans first began to have been that the money, when repaid, would be used to redeem Liberty bonds and thus reduce our national indebtedness and the interest and sinking fund charges thereon. The taxpayers put up the money to meet these charges. To take the money meant to reduce the amount due on the Liberty bonds each year and do something else with it would be just the same thing as to raise that much money by extra taxation. The bonus money could be raised in no other way than by taxing the people for it. Our congressmen must know that but they seem to hate to admit it, as they advance their round-about schemes for not hurting anybody's feelings.

How to Make Pine Cough Syrup at Home

Has no equal for prompt results. Takes but a moment to prepare, and saves you about \$2.

You know that pine is used in nearly all prescriptions and remedies for coughs. The reason is that pine contains several peculiar elements that have a remarkable effect in soothing and healing the membranes of the throat and chest. Pine is famous for this purpose.

Pine cough syrups are combinations of pine and syrup. The "syrup" part is usually plain sugar syrup.

To make the best pine cough remedy that money can buy, put 2½ ounces of Pinex in a pint bottle, and fill up with home-made sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you make a full pint—more than you can buy ready-made for three times the money. It is pure, good and very pleasant—children take it eagerly.

You can feel this take hold of a cough or cold in a way that means business. The cough may be dry, hoarse and tight, or may be persistently loose from the formation of phlegm. The cause is the same—inflamed membranes—and this Pinex and Syrup combination will stop it—usually in 24 hours or less. Splendid, too, for bronchial asthma, hoarseness, or any ordinary throat ailment.

Pinex is a highly concentrated compound of genuine Norway pine extract, and is famous the world over for its prompt effect upon coughs.

Beware of substitutes. Ask your druggist for "2½ ounces of Pinex" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

How to Make Pine Cough Syrup at Home

Has no equal for prompt results. Takes but a moment to prepare, and saves you about \$2.

You know that pine is used in nearly all prescriptions and remedies for coughs. The reason is that pine contains several peculiar elements that have a remarkable effect in soothing and healing the membranes of the throat and chest. Pine is famous for this purpose.

Pine cough syrups are combinations of pine and syrup. The "syrup" part is usually plain sugar syrup.

To make the best pine cough remedy that money can buy, put 2½ ounces of Pinex in a pint bottle, and fill up with home-made sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you make a full pint—more than you can buy ready-made for three times the money. It is pure, good and very pleasant—children take it eagerly.

You can feel this take hold of a cough or cold in a way that means business. The cough may be dry, hoarse and tight, or may be persistently loose from the formation of phlegm. The cause is the same—inflamed membranes—and this Pinex and Syrup combination will stop it—usually in 24 hours or less. Splendid, too, for bronchial asthma, hoarseness, or any ordinary throat ailment.

Pinex is a highly concentrated compound of genuine Norway pine extract, and is famous the world over for its prompt effect upon coughs.

Beware of substitutes. Ask your druggist for "2½ ounces of Pinex" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

MANY TOWNS HAVE RED CROSS DRIVE

County Chairman John C. Hassler, attached to the office of County Surveyor Lloyd C. Kirk and in charge of the county Red Cross unit, announced Wednesday that a meeting of the East Palestine workers was held Monday night and that an active canvass of that territory for membership started Tuesday. Mrs. S. J. Lowry is auxiliary chairman for that district and Dr. E. C. White is the Roll Call chairman.

Mr. Hassler spent Tuesday visiting the district of Middleton, New Waterford and East Palestine.

The campaign in Lisbon has so far been believed that the \$800 mark will be reached before the week ends.

The Leontine Kiwanis club will sponsor the Red Cross drive there. Knox and Franklin township auxiliaries have asked for additional supplies, which indicate that the drive in those districts will go over the top.

The Davey Tree Expert Company,
Inc., has a limited number of open-
ings for ambitious young men
between 20 and 30 years of age.
Single men are preferred.

These positions are permanent
and offer a lifetime opportunity
to men who make good. The busi-

a fine scientific knowledge that is
invaluable.

It offers robust health—outdoor
work in the fresh air and sunshine,
with properly balanced exercise. It
is the ideal profession for the young
man who wants to get away from
the grind and monotony of indoor
work. It is a wonderful physical
developer.

The pay is good at the start and
the opportunity for advancement is
unusual. There is plenty of room at
the top for good men. Work with
the Davey Company offers an un-
usual chance to travel and see many
parts of this country, with carfare
paid by the company from one place
to another.

Only the finest types of clean,
red-blooded young Americans are
employed by the Davey organiza-
tion, and only young men of this
kind need apply. A high school edu-
cation or its equivalent is desired.
We also require fully satisfactory
references as to honesty, dependa-
bility and willingness to work.

Reed-Flick

Miss Nellie Grace Reed and Lowell Flick were the principals in a pretty home wedding at 11:30 a. m. Wednesday at the home of the bride's parents, Mr. and Mrs. William Reed, East Seventh st., witnessed by the families of the couple and a few neighbors. Rev. H. L. Miller read the ring service.

The bride wore a pretty creation of white tulle and carried a bouquet of pink roses. The attendants were Miss Ruth Moran of Rogers, and Russell Flick, brother of the groom, a student at Oberlin college. Mendelsohn's wedding march was played by O. D. Crawford.

Following the ceremony a dinner was served. Sweetpeas were favored in the table decorations. Ferns were used to beautify the home.

Mrs. Flick has been employed at the Farmers National bank. Mr. Flick, son of Mr. and Mrs. Lewis Flick, is a machinist.

After a honeymoon trip they will make their home with her parents on East Seventh st.

Among the guests were Mr. and Mrs. Walter Reed and family, Beloit, and M. B. Morlan, Rogers.

KNIFE VICTIM

Continued from First page
purchased liquor on five separate occasions the past week.

Conrad was attacked when he pursued a man who he later positively identified as Sirbu, into the market to arrest him on charges of attempting to destroy evidence seized in a raid on a club at the rear of 314 East Front.

Conrad also received a slight cut on one of his hands as he attempted to ward off the knife thrusts.

Collapses in Street

Despite the unequal battle against armed men, Dr. Conrad, a six-footer, managed to grab Sirbu and was dragging him across Watt st. from the market when his strength gave out and he collapsed.

"Just as I chased the man into the market someone gave a signal and I was struck over the head with a blackjack and two men leaped at me with knives," Dr. Conrad told Detective Ray Lawrence in Youngstown hospital, yesterday.

Just no one recognized Conrad is evidenced by the fact that just before leaving Salem the dry agent had fooled his wife and daughter by his complete disguise.

25 Standing in Club

About 25 men were standing along the bar or seated on rough benches in various parts of the room as he and his two aides entered, he said.

When Conrad started for the bar, Sirbu, it is charged, dumped two bottles of corn whisky into the sink.

McGill leaped over the bar and managed to seize a third bottle as evidence. A search of a rear room disclosed a gallon jug partially filled with the liquor, Conrad's aides say.

After getting the evidence Conrad called in Collins and Plesia and told them and Jackson to stand guard over the place until he returned. Then he and McGill started to go to his auto to leave the two prisoners and confiscated liquor with Crawford, who had remained seated in the machine during the raid.

Menacing Crowd Gathers

Before leaving the place, Conrad handed his revolver to Jackson, who was unarmed.

News of the raid had spread through the district so rapidly, however, that the dark alleyway at the side of the cafe was filled with menacing figures as Conrad and McGill stepped out with their prisoners and evidence.

McGill was also unarmed, but he held his hand in his pocket in such a manner as to lead Sirbu and Basko to believe that he had them constantly covered.

Consequently when several men surrounded them and attempted to kick evidence out of Conrad's hands neither man made any effort to escape.

Effectively Disguised

Conrad quickly handed McGill the jug of liquor and chased after two of the men who ran out of the alley toward Front st.

Just what happened from that time is uncertain as neither McGill or Crawford saw any more of Conrad until after he had been stabbed and persons living there declined to give information to police.

From Conrad's own statements, given before he lapsed into unconsciousness, he apparently chased at least one of the men down Front st. to Watt st. and then followed him into Sirbu's meatmarket.

When Conrad staggered out of Sirbu's meatmarket he was still effectively disguised.

It was not until police rushed up to him and attempted to stop the flow of blood that the heavy wig and mustache he had worn fell off, revealing his features.

DOUBLE STANDARD
BARRED IN HEAVEN

Sin Of Covetousness One Of
Worst Today, Says
Rev. Haworth.

"An impure young man is as great an abomination in the sight of God as an impure young woman. There is no double standard."

This is what Rev. Charles Haworth, pastor of the First Friends church, told the audience at the evangelistic service Tuesday evening at this church.

His theme was "One Thing Thou Lackest, Go." It had to do with the incident of the rich young ruler who came to Jesus and asked what he must do to inherit eternal life.

"The sin of covetousness is one of the worst of the present age not only of money, but of other things which are spelling damnation to men," Mr. Haworth pointed out.

"There is something standing in your way if you are not walking with God."

"There are not enough hypocrites on earth to keep anyone out of heaven if they want to be saved."

Rev. John Pennington and Rev. Ralph Coppock, of Damascus, were visitors at this service.

Clarence Cosand of Damascus, singing evangelist, who is assisting the pastor in these services, sang two impressive solos.

Autos Collide, One
Driver Cut, Bruised

Steve Galdysz was cut and bruised when his machine collided with a small car at the intersection of New-garden and Mill sts., at 6 p. m. Tuesday.

Both machines crashed in such a way that it took the wrecking crew an hour to pry them apart. Both cars were badly damaged.

Galdysz was thrown against the steering wheel, and his hand was cut by flying glass.

These brought good returns, which enabled the business to be developed, and eventually large advertisements were profitably used. Intelligent use of the little ads in The Salem News either by advertiser or reader will prove to you.

HAPPIER, HEALTHIER WOMEN
by thousands are known to exist in this country because they have been relieved from pain and suffering by taking Lydia E. Pinkham's Vegetable Compound. Science in surgery and electricity have advanced greatly during the past fifty years but treatment of disease by old fashioned root and herb medicines has never been improved upon. The leader of them all is Lydia E. Pinkham's Vegetable Compound which after fifty years of success is today recognized as the standard remedy for female ailments and sold everywhere for that purpose. Replies to a questionnaire recently sent out to 50,000 women by the Lydia E. Pinkham Medicine Co. of Lynn, Mass., proved that it benefits 98 out of every 100 women who try it. Isn't this a marvelous record for any medicine to hold?

Next to grange growth it will be the purpose of the administration to broaden and extend the service that the grange can render the American farmer."

"After 58 years of honorable service it is believed it will be possible to rally the enthusiasm and earnest purpose of our organization to the cause of agriculture and to the service of the nation."

Quality that Endures "In Shoes for Boys"

The Trouser Crease Style Is Making the Boys Talk

MOST new styles for boys and young men are taken for granted, but the "Trouser Crease" is actually making them "talk." They like the crease that continues from the top of their trousers to the tip of their shoes—it harmonizes so perfectly and gives such a "dressy" look.

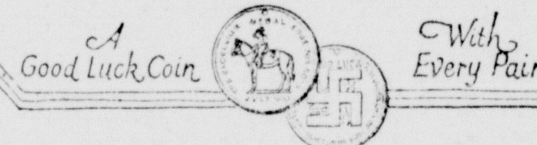

The "Trouser Crease" Shoes and Oxfords are made in both Tan and Black. Excelsior Medal Quality and fine Workmanship predominate. They fit perfectly and wear longer.

LAKE PLACENTIA IS STOCKED; PLAN FIFTY COTTAGES

With 40 acres under water, 20,000 black bass and blue gills were dumped into Lake Placencia, one-half mile north of North Georgetown on the North Georgetown-Westville rd. last week, and it may be possible that another shipment will be received from the state later.

This new summer resort in Knox township will have 50 or more cottages erected by private owners next spring, contracts having been signed for the erection of 23 already.

Knox township farmers banded together to give the northwestern part of this county a summer resort and over \$5,000 has been spent on improvements up to this time.

The spillway for the lake, which is at the south end, or near North Georgetown, required 230 cubic yards of concrete to build.

Erection of an ice house is now under way, this building being on a site 20 by 24 feet and 20 feet high. Ice cut from the lake the coming winter will be stored in it, and then distributed among the cottage owners next summer.

"It is our purpose to have one of the most modern summer resorts in this part of the state," explained L. E. Sanor of West township, who is one of the incorporators of the company having the improvement in charge.

"We propose to give the people boating, bathing, fishing and other natural advantages during the summer camping season not possessed by other lake resorts. Our resort is but about three miles south on the Westville rd., and we pass Westville lake go-

OUCH! RUB BACKACHE, STIFFNESS, LUMBAGO

Back hurts you? Can't straighten up without sudden pain, sharp aches and twinges. Now listen! That's lumbago, sciatica, or maybe from a strain, and you will get relief the moment you rub your back with soothing, penetrating St. Jacobs Oil. Nothing else takes out soreness, lameness and stiffness so quickly. You simply rub it on your back and out comes the pain. It is harmless, and does not burn the skin.

Linger up! Don't suffer! Get a small trial bottle of old, honest St. Jacobs Oil from any drug store and after using it just once you will forget that you ever had backache, lumbago or sciatica because your back will never hurt or cause any more misery. It never disappoints and has been recommended for 60 years.

ing toward North Georgetown. The water in the lake is as clear as crystal, and you can see bottom no matter how deep it is when you are in a skiff. "Some of the cottages to be put up in the spring will cost close to \$2,000 and others of course will cost lesser amounts."

BRACE UP

Do you feel old before your time? Is your back bent and stiff? Do you suffer urinary disorders? Don't despair—profit by Salem experiences. Salem people recommend Doan's Kidney Pills. Here's a Salem resident's statement:

Mrs. Charles Wilson, 92 Columbia st., says: "My back was so sore and lame, it was all I could do to get out of bed in the morning. I could hardly touch my back over my kidneys and often during the night, pains kept me awake because the slightest turn brought a sharp twinge in my back. It was hard for me to do my housework and I got dizzy at times. Before the day was over I felt tired and languid. My kidneys were in a weakened condition and as one of our family had used Doan's with success, I bought a box. After the second box, the symptoms of kidney trouble disappeared. Whenever I need a kidney medicine, I always fall back on Doan's. They fix my kidneys up in good shape."

Famous Novelist Says British Seek Harmony With U. S.

South Hampton, Eng., Nov. 21.—W. L. George, famous British novelist, called for New York Tuesday on the steamer Levithan, predicting that no matter which party wins the British election next month, the government will continue working for closer relations to America.

In an exclusive interview George said:

"So long as America pays the piper Europe will play 'The Star Spangled Banner.' Therefore it does not matter much to the United States who wins the English election. The British government will likely want to work in closest harmony with America."

"England wants to get a European settlement and this cannot be done without the aid of the United States."

George predicted the Conservatives (Tories) will win the election but he looks for notable gains by the reunited Liberal parties.

Lima—Dr. Charles Mayo, perhaps the most noted surgeon in America, at a meeting of Allen County Academy of medicine here performed a tedious gopher operation and lectured on how a man can add ten years to his life by correct living.

GRAY HAIR BECOMES DARK AND BEAUTIFUL

Almost everyone knows that Sage Tea and Sulphur properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this oldtime recipe improved by the addition of other ingredients, at very little cost. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time by morning and the gray hair disappears and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger.

Six And Half Billions Paid In Pensions Since 1790

Washington, Nov. 21.—More than six and a half billion dollars have been expended by the United States in paying pensions to American war veterans and other government pensioners since 1790. The interior department announced today in making public a review of the business of pension office during the last year.

The total disbursements for pensions up to June 30 totaled \$6,606,365,621, of which \$6,224,106,631 has been paid out on account of the Civil war and \$1,052,349,600 on account of the war with Spain.

In the fiscal year 1923 \$263,012,509 was paid out in pensions, compared with \$253,807,583 in 1922.

On June 30, 1923 there were 539,756 pensioners on the government's rolls, compared with 547,015 in 1922. Of these 168,623 were Civil war veterans, 244,580 Civil war widows, 68,393 Spanish war veterans and 13,167 Spanish war widows. Pensions are also being paid to 49 veterans of the Mexican war and 49 widows of veterans of the War of 1812 with Great Britain.

Civil war veterans and 23,974 widows died, compared with 25,082 and 21,259 in the previous year.

On July 1, 1922, there were pending 127,779 new claims were filed and 159,727 claims were disposed of, leaving 59,067 claims pending on June 30, 1923. A force of temporary employees, authorized by congress, cooperated with the regular force of the pension office during the year with the result that the work of the bureau has been made current, and claims and evidence are being considered as soon as they reach the adjudicating division. Of the claims disposed of in 1923, 54,463 were based on Civil war service and 69,854 on service in the War with Spain.

The number of pension certificates issued during the last fiscal year was 73,292, of which 34,961 were for Civil war service and 35,894 for service in the Spanish war. Since the beginning of the pension system the government has issued 6,441,165 pension certificates—5,313,423 to veterans and 1,127,742 to widows.

Most of the pensioners—535,932—live in the United States, but there

are 115 in the Canal Zone, 605 in American insular possessions and 3,100 in foreign countries.

The average annual value of a pension is estimated by the Commissioner of Pensions at \$421.92—\$661 for Civil war veterans, \$187 for Spanish veterans, \$729 for Mexican war veterans and \$217 for veterans of the Indian wars and pensioners who incurred disability in the Regular Army. The average annual pensions paid widows of Civil war veterans is \$359.

The monthly pensions vary from \$2 to \$416.67, the latter being the amount paid the widow of President Roosevelt under a special Act of Congress. Pensions at rates below \$12 per month are paid to 6,726 persons, while six persons receive

SALEM FANS WILL SEE TWO BIG GRID STARS IN BATTLE

Will "Red" Grange of Illinois or "Hoge" Workman of Ohio State be the brilliant star of this week's important battle at Ohio Stadium, Columbus.

That question will be settled when the 13th annual struggle between the two universities is over Saturday afternoon.

Workman is a veteran passer, kicker and runner, one of the most dangerous men in the Western Conference. He passed Ohio State to a championship in 1920 but due to mediocre teams these last two years he has not been able to lead State to more titles.

Grange is touted as the biggest football sensation in the country this year. He is but a mere sophomore but a triple threat man who can't be stopped.

Both teams are priming their defenses for the stars who will attempt to shine most brilliantly in this game. Over 50,000 will see the game.

To date 25 tickets are held by Salem fans who will go by auto and train Friday night.

MULLINS TO PLAY GRAYS ONCE MORE

The Mullins Semi-Pros will go to East Liverpool Sunday where they will stack up against the Grays of that city, which team the Quaker City eleven defeated by a close score here two weeks ago.

It is said that the "Grays" are in much better shape than when Mullins handed them their first defeat of the season. And Mullins are crippled, four regulars being on the hospital list.

The game is scheduled to start at 3 p. m. It will probably be played in the West End park.

Hard work is ahead of Mullins this week. Long practices will be held each night until Saturday.

BANCROFT TO USE M'GRAW'S SYSTEM

New York, Nov. 21.—Before leaving for his home in Superior, Wis., Dave Bancroft, new manager of the Boston Braves, declared that he would follow the McGraw system of directing the entire attack in his handling of the team next season.

"It is the only system," Bancroft said. "It is up to the manager to pick his move and then time the move and take full responsibility for that action. I intend to direct the batting."

Bancroft added that he was in the market for a hard-hitting infielder and would go to the Chicago meeting in the hope of putting through several deals.

'American Supremacy In World Sports May Be Lost Allen Says

Detroit, Nov. 21.—America's athletic supremacy never has been so seriously challenged as by the "tremendous preparations" all Europe is making for the eleventh Olympic. Maj. Gen. Henry T. Allen, vice president of the American Olympic committee told delegates to the National Amateur Athletic Union convention at their annual dinner here. His address was featured by announcement of a country wide popular subscription campaign to raise \$350,000 to defray the expenses of America's representation to the Olympic games in Paris next July.

MONOXIDE GAS IS BLAMED FOR DEATH OF ALLIANCE MAN

Alliance, Nov. 21.—Frank R. Hamlin, 116 West Cambridge st., a lifelong resident of Alliance, was found dead in a garage at Cleveland about 11 o'clock Monday morning, according to word from Cleveland police this afternoon.

Hamlin, aged 43, was salesman for the Gibraltar Realty company. He had worked in Cleveland for the last year, visiting his wife here over the week end. According to Cleveland police, Hamlin had been dead about three days when found.

Members of the Realty company stated Hamlin had gone to 3303 Outlook rd. Cleveland Heights to show a prospective customer a home. Driving into the private garage Hamlin is supposed to have closed the doors.

That afternoon, the woman he was to interview searched the premises. She could find no one, except seeing a man sitting in an automobile in the garage. The next morning she returned and again saw the man in the machine.

Mr. Nixon, a member of the firm was advised by the woman of the strange coincidence. Nixon went to the place and discovered Hamlin's body. Although exact cause of his death has not been determined, Cleveland police advance the theory of asphyxiation.

Frank Hamlin was born in Alliance for a number of years he worked at the Morgan Engineering company before accepting a position in Cleveland. He was a member of the Elks, Knights of Pythias and the Moose, all of this city. He is survived only by his widow.

COSTS MORE THAN LINIMENT. WHY?

For the same reason that gold costs more than brass, that diamonds cost more than glass. Enarco costs more than liniment—because, as doctors say, it is "miles ahead of liniment." One nurse writes, "I would rather have a few drops of Enarco than a whole quart of liniment!"

Oakland In Record Run Of 426 Miles

L. H. Weber, representing the Cleveland branch of the Oakland Motor Car Co., while in the city Wednesday related his experience in a record run from Chicago to Columbus, carrying moving picture films of the Ohio State-Chicago football game.

The 426 miles through Danville, Indianapolis, Dayton and Springfield to Columbus was made in 604 minutes, the highest rate attained having been 70 miles an hour. The Oakland made the 110 miles from Indianapolis to Dayton in one hour and 59 minutes. Five relay drivers were used.

Weber says the four-wheel brakes made driving safe even at the high rate of speed.

WIN BACK GIRLHOOD, HEALTH AND BEAUTY!

Medical science can be of great value to the woman who feels she has lost her charm and spirit of youth and seeks to regain it. The woman who is easily fatigued, easily upset, nervous, dyspeptic—who finds dark circles under her eyes, her complexion sallow, her eyes dull instead of sparkling and the girlhood lines of her face slipping away. Simply take a good vegetable tonic! That prescribed by Dr. H. S. Thacher, the celebrated Physician, is being used by innumerable well known women. It is scientifically designed to help correct constipation (one cause) and does it without gripping; also to improve digestion, to nourish and tone up the system, soothe those tired, overworked nerves, put on solid firm flesh and send purer, healthier blood flooding through every cheek.

Try it yourself! Just a spoonful after the next few meals. Notice the quick difference in the way you eat, sleep, look and feel. If you are not completely satisfied your druggist is authorized to return your money.

SELF-CONFESSED SLAYER GIVES UP

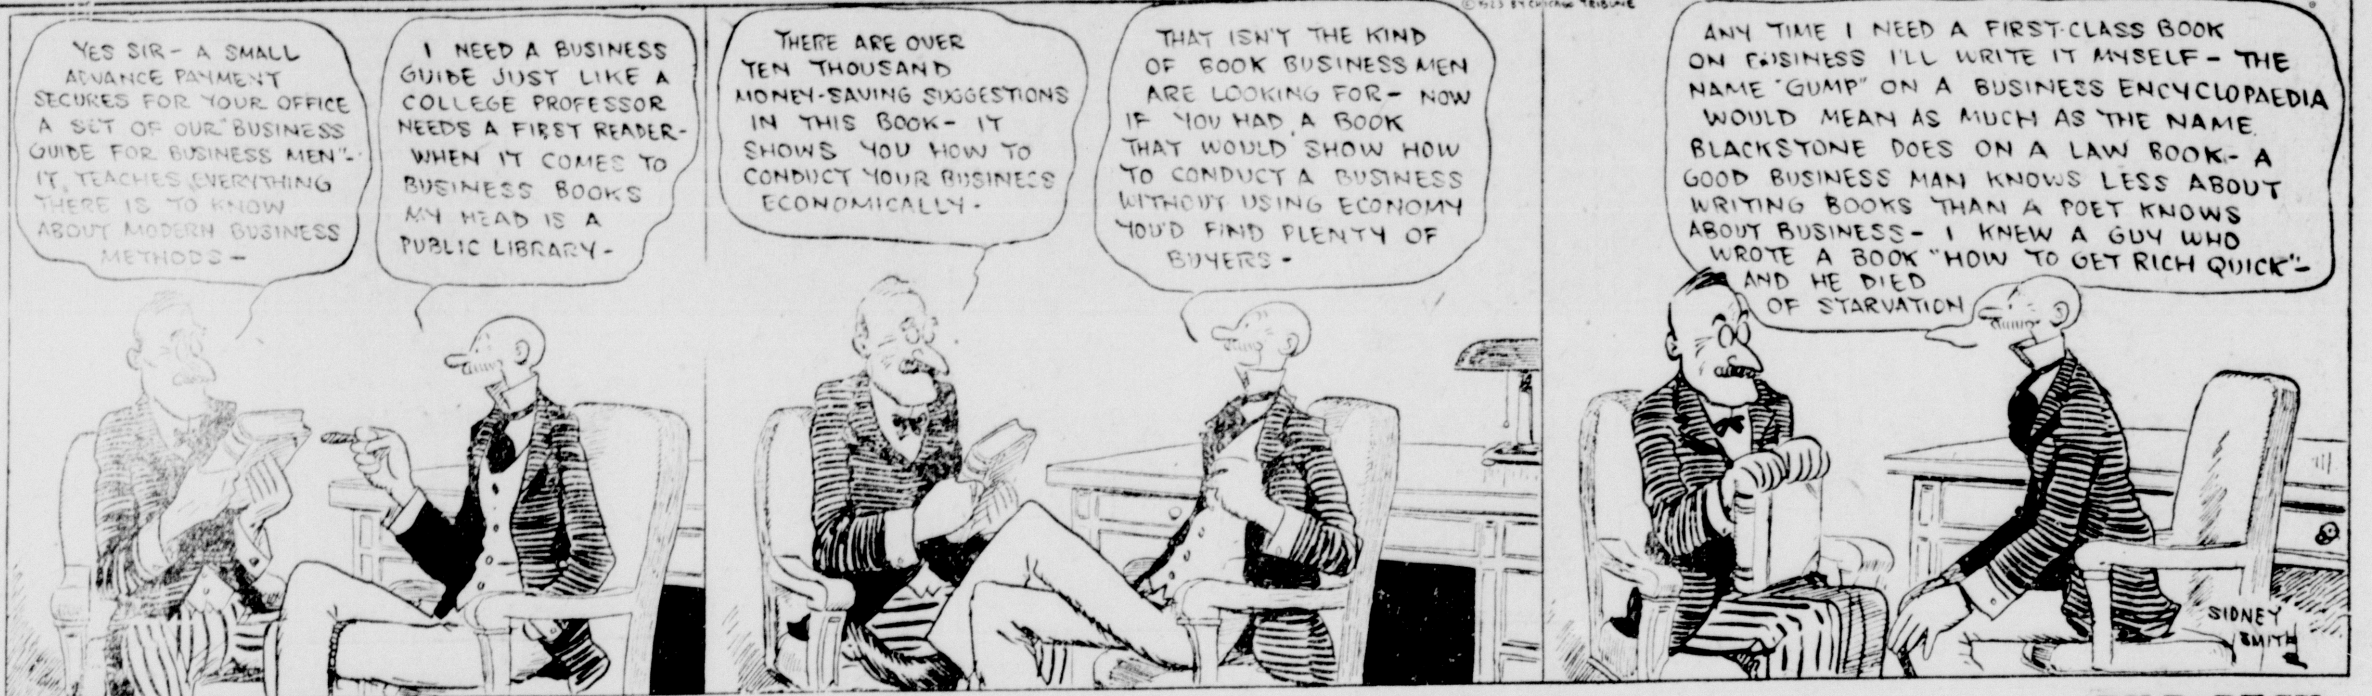

Alliance, Nov. 21.—"I'm the man wanted for murder in Canton. I want you to lock me up," said Harvey Cooper, colored, as he walked into police headquarters here and surrendered himself to Desk Sergeant P. A. Benjamin.

Canton and Alliance police were scouring the city for Cooper. As soon as he was lodged in jail Sergeant Benjamin recalled the searchers and turned Cooper over to the Canton police.

Cooper told Benjamin he arrived in Alliance Friday afternoon shortly after the Canton murder. Leaving a freight train just west of the city, he circled the city before venturing in for shelter. Just 24 hours later he surrendered, stating he knew he would be caught, anyway.

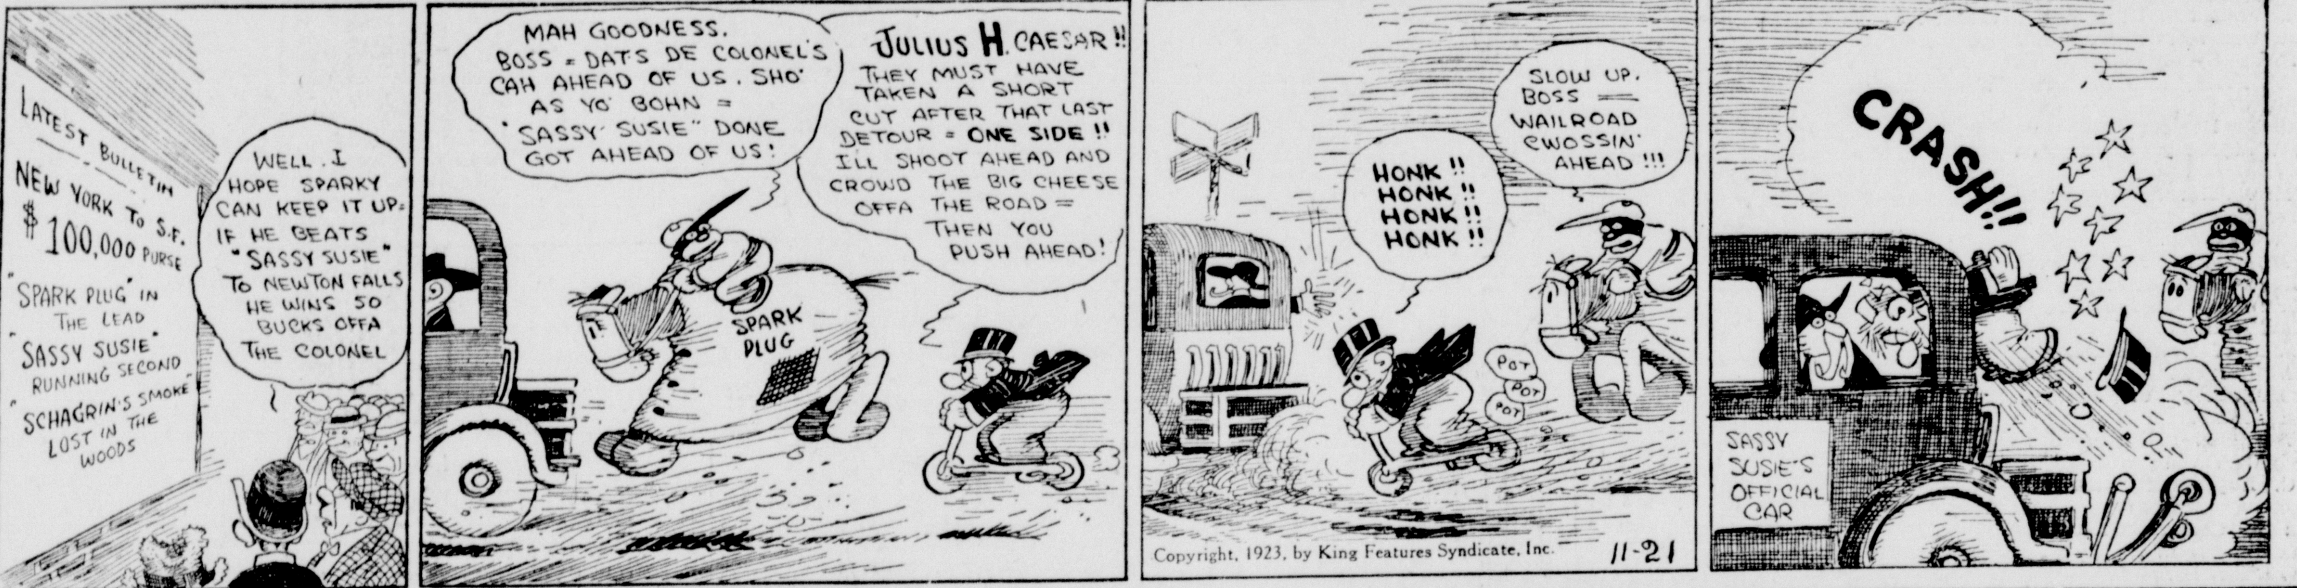

"I didn't mean to kill him, chief. I only wanted to shoot him because of the trouble he had made for me."

Firm, Plump Flesh!

MANY are the eyes that are turned to gaze with keen admiration on the well developed, healthy girl no matter where she may be—on the rapidly moving thoroughfare or gliding gracefully over the dance floor.

All eyes turn because we all appreciate the girl with the figure so firm and plump—the girl with radiantly red cheeks, cheeks that carry a touch of roses from nature's own garden—the girl with the sparkling eyes, keen and sharp—the girl with buoyancy and the swing of youth.

Not necessarily an out-of-doors girl. Just a girl with ever increasing blood cells. Just a girl filled with the vim and vigor of youth. S. S. S., since 1825, has stood for increased blood cells. S. S. S. means restored strength—rekindled vitality—added energy. Take S. S. S. and watch the bloom of youth return to your cheeks. Watch that flabby, ill nourished flesh fade away before flesh that is firm and plump. Red blood cells will do it and S. S. S. will build them. It contains only pure vegetable ingredients. S. S. S. is sold at all good drug stores. The large size bottle is more economical.
